August 2023

My dear confreres,

Loving and fraternal greetings to all of you! As the new academic year is already in the full swing, I am sure that all of you are totally immersed in the day to day running of your respective ministries. We surrender this new year and all our efforts in the service of God to His loving Providence and entrust them to the intercession of our beloved Patron and Founder. May I bring to your kind attention some important matters.

PROVINCIAL'S VISITATION TO CHAD-CAMEROUN DELEGATION

A canonical visitation of the Chad-Cameroon Delegation by the Provincial took place from June 17 to July 3, 2023. Except our centre at Buea, I could visit all our centres and meet all the confreres individually. The members of the Delegation had their annual retreat in La Feuillette at Yaounde at the end of which a very fruitful Colloquium of the Delegation was also held. It is a matter of tremendous joy to see the tremendous growth our delegation has achieved, purely because of the selfless sacrifice of the pioneers and the passion and commitment of those who are working there now. Our MSFS presence has made such a qualitative difference that the entire congregation can be truly proud of. The strength of our delegation is the members themselves. I saw how committed and passionate our confreres are in the various centres they are working and how talented and motivated our scholastics are, enthusiastically getting ready for the mission of the delegation with a clear sense of how our MSFS presence and ministry ought to be. Seeing the strength of their conviction and quality of motivation, I am convinced that the future of our Delegation is going to be in extremely safe hands.

Based on the suggestions that were aired during the Delegation colloquium and those forwarded by Fr. Manoj, the Delegation Superior, as well as my impressions regarding the life and mission of our Delegation, the provincial Council that met on July 15, 2023 have made the following decisions to address some of the key concerns of the Delegation to ensure a sustained growth of our mission in these two countries.

- i. Since the Delegation is experiencing a financial crunch for the regular maintenance of its centres, a decision is made to raise the quarterly contribution from the province funds to the Delegation in a substantial way.
- ii. With two vacancies, the team of Advisors to the Delegation Superior had become more or less defunct. Therefore, in consultation with the Delegation Superior, the Provincial Council has decided to **re-constitute the Team of Advisors to the Delegation Superior**. They are: **Fr Joshy Nellimalamattam, Fr Sandeep Tirkey, and**

Fr Onomo Ayissi Innocent Parfait. Fr Vellakada Sen continues to be the Delegation Bursar of the Chad- Cameroun Delegation.

- iii. Another major concern of the Delegation is the urgent need to initiate some immediate measures towards making our delegation self-reliant, especially financially as a sustained growth of the Delegation cannot be ensured depending purely on funding agencies for its development and maintenance. Thus, it is decided that the Province will assist the Delegation, during the course of next year, to purchase at least a one hector plot within the city-limits of Yaounde in order to start an English medium school, if the efforts to settle the land-problems of an existing property in Yaounde cannot be favourably settled within a maximum of one year. In another three years' time, we should also identify and purchase another suitable plot of land, may be in the city of Duala or wherever the Delegation feels as appropriate, for starting another school. The Province takes the responsibility to raise the funds for this also. The Delegation on its turn will raise funds to put up the necessary infra-structure. These proposed projects, once properly executed and monitored, will be a much needed step in achieving some sort of self-sufficiency for our delegation.
- iv. The Provincial Administration has decided, at the advice of the Delegation Superior, to request our Superior General to raise the community at Gakki to the status of a local community.
- v. The Provincial Administration endorses the following decisions of the Delegation Administration: to start a novitiate house in the donated land in Ngaoundere, to start a boys' home in Ngaoundere, a tailoring centre in Gaki in memory of our late Fr. Abba, to modify internally the house in La Feuillette to facilitate a larger chapel and refectory, and to expand the facilities for the retreat centre at La Feuillette.
- vi. As the members and undertakings of our delegation have increased and are set to increase further, we need to introduce some of the healthy practices of planning and managing our undertakings and mechanisms to monitor our effectivity and accountability. Accordingly, the Provincial Administration has requested the Delegation Administration to initiate the following measures:
 - a) Constitute the Forums as proposed by the policies of new Governance and practiced in the Administration of our ministries in the Congregation, especially the mission forum, education forum, formation forum, and stewardship forum.
 - b) The Delegation Bursar conducts once every 4 months an internal auditing of all our communities and ministries (including those belonging to the bishop) and present a comprehensive report to the Provincial Administration. Right from the beginning we are to ensure accountability and transparency in managing the common funds and things.

- c) The Delegation Administration is advised to form a core committee who will co-ordinate land purchases and ensure quality of our constructions. This committee will inform themselves of local land issues, learn how to study plans for constructions, and acquire the necessary know-how of local ways of quality constructions that can be passed on to the required confreres.
- d) To resume the exposure of young Chad-Cameroonian confreres to our missions in India. In case someone is being prepared specifically for the ministry of education, that person could gain important experience in one of our schools in India for a short duration.

In conclusion I must say that the simplicity of the life-style our confreres in the Chad-Cameroon Delegation, the hardships they face cheerfully, the inconveniences that they put up without complaints, and the passion for the mission and love for the congregation that they radiate, all these have truly touched me. I am extremely thankful to Fr. Manoj, the Delegation Superior, for not only making all the planning and arrangements so meticulously, but accompanying me everywhere and taking care of me like a mother. I thank all the confreres there for the love and hospitality that they showered on me and for their love and loyalty to the Congregation and to the mission entrusted to them.

DETAILED PROGRAMME OF THE VISITATION OF OUR SUPERIOR GENERAL

As you have already been informed, our beloved Superior General has scheduled his canonical visitation of our South-West India Province from September 10 to October 10, 2023. A detailed programme of his visitation was worked out and with his approval I am happy to announce it to the Province. Superior General's canonical visitation is one of the most significant spiritual events in the life and mission of a religious congregation. Therefore, all of us are expected to prepare for it with utmost seriousness. He has explicitly requested that this occasion remains purely a spiritual event, devoid of all forms of pomp and show. Strengthening of the life and mission of the Province through personal encounter and interactions at the community level is the sole purpose of the visitation. Due to the limitation of the time at our disposal, certain communities had to be left out from his personal visit, if travel arrangements could not accommodate them. The specific timings given for personal meetings and community meeting are only tentative and the superiors of each community are requested to work out a specific time-table, allotting time-slots and order for personal meetings as well as other functions.
